

AMBIEN NIGHTS

Sammie

Money can't buy love
And love is uncountable
Expcet for me I'll be all in the club
Taking shots to ease my sorrow
I'll be taking shawty down I don't even know her name
Well karma is a bitch riding lesson in my brain
Early night a different girl, Lola though they're the same
Shawty I can't sleep
Tired of these ambien nights nights nights nights, nights night
s
Tired of these ambien nights nights nights nights
Shawty I can't sleep
Tired of these ambien nights nights nights nights, nights night
s
Tired of these ambien nights nights nights nights
Shawty I can't sleep
I need an ambien
I keep on the same shit
Over and over
What the fuck is wrong with me
Is just money can't buy love
And I trade my fucking fame in
'Cause this girl that I'm leaving with
Is the same shawty I came with
I'll be taking shawty down I don't even know her name
Well karma is a bitch riding lesson in my brain
Early night a different girl, Lola though they're the same
Shawty I can't sleep
Tired of these ambien nights nights nights nights, nights night
s
Tired of these ambien nights nights nights nights
Shawty I can't sleep
Tired of these ambien nights nights nights nights, nights night
s
Tired of these ambien nights nights nights nights
Shawty I can't sleep
I need an ambien
I need an ambien
Shawty I can't sleep
I need an ambien
