

Good Girls

Sammie

Have you ever made a good girl gon savage
Ever turnt a queen into a bad bitch
How's go from [?] to much badness
God damn yeah yeah that's tragic
If you got a good one, she the royal
Chris Brown said "These hoes ain't loyal"
And I'm a nigga with fame and money
And this gold diggas be spoiled

I'm tired of sleepin' around
I'm tired of hittin' the town
I'm tired of smashin' the scene
I'm tired of hittin' the club just to find one to cut and make love in my sheets
I need one to hold me down
I need one to wear the crown
Find me a good lost and found
I'm a man and enough is enough
Yeah, I done grewed up

But the good girls, they don't wait too long
But the good girls, good girls, they don't wait too long
I need a good girl, alright
I want a good girl, that's right
Get me a good girl, alright
But they don't wait too long, they don't wait too long
I need a good girl, alright
I want a good girl, that's right
Get me a good girl, alright
But they don't wait too long, they don't wait too long

Now I [?] from LA there to Houston and Cali
Up to Vegas, Arizona and even Seattle
In the crib Miami, I swear they're the baddest
But I'm still all looking inside it don't matter
I need somebody that's down to ride
I need somebody to hold me down
And when the wheels fall off, we gon' push that shit
And when times get hard, we ain't gon' quit

I'm tired of sleepin' around
I'm tired of hittin' the town
I'm tired of smashin' the scene
I'm tired of hittin' the club just to find one to cut and make love in my sheets
I need one to hold me down
I need one to wear the crown
Find me a good lost and found
I'm a man and enough is enough
Yeah, I done grewed up

But the good girls, they don't wait too long
But the good girls, good girls, they don't wait too long
I need a good girl, alright
I want a good girl, that's right
Get me a good girl, alright
They don't wait too long, they don't wait too long

I need a good girl, alright
