

Issues

Sammie

Baby, look into my eyes and tell me you ain't gotta lie to me
Women take a lot that men can't take, I'm speakin' honestly
When I was on tour, did you cheat or did you hold me down?
I know that you think I'm trippin' but I gotta know right now

My mind been playin' tricks on me, maybe I'm the one to blame
I done did a lot of shit in my past, I'm so ashamed
Sorry, baby, you are not the issue (Issue)
Sometimes my past, it be messin' with my mental
I'll be back

Issues, we all got 'em, yeah
I'm just honest with my issues, I'm sorry, aw, babe

I was livin' fast so bad, I was speedin'
I was tellin' truth in disguise, so misleading
Who knew that my past would catch up to me?
I got some issues that won't let me be
I was livin' fast so bad, I was speedin'
I was tellin' truth in disguise, so misleading
Who knew that my past would catch up to me?
I got some issues that won't let me be

Issues, we all got 'em, yeah
I'm just honest with my issues, I'm sorry, aw, babe

Girl, I'm sorry for accusing you 'cause I done seen a lot of things
Women started true with me, like seasons, you know people change
They would make sweet love to me then go back to they boyfriend
Breakin' down just thinkin' 'bout it, think I need a
