

Take Me

Sammie

Baby hold on
I know it's cold outside
A silent night it won't be tonight
Baby keep it warm by the fire place
'Cause we gon take a ride like we're on a sleigh

Giddy up, giddy up yea
I'm on my way, I gotta have ya
Open up like a gift yea
Soon as I see ya we're making magic
You're my uh uh uh
Kisses underneath the mistletoe
I've been missing you uh uh
And it's time that I let you know

Oh baby
I can't wait to have my way
I will be prepared for Christmas, Christmas
Just to hear you say
Take me back
Take me, take me

Chestnuts roasting on an open fire
I'm sliding down your chimney and between your thighs
Got the headboard banging you just like a drum
Ram pam pam pam
Ram pam pam pam

Giddy up, giddy up yea
I'm on my way, I gotta have ya
Open up like a gift yea
Soon as I see ya we're making magic
You're my uh uh uh
Kisses underneath the mistletoe
I've been missing you uh uh
And it's time that I let you know

Oh baby
I can't wait to have my way
I will be prepared for Christmas, Christmas
Just to hear you say
Take me back
Take me, take me

Silent night, hold me tight
And when I hit your spot let me hear you say take me
Silent night, hold me tight
And when I hit your spot let me hear you say take me

Oh baby
I can't wait to have my way
I will be prepared for Christmas, Christmas
Just to hear you say
Take me back
I can't wait to have my way
I will be prepared for Christmas, Christmas
Just to hear you say

Take me

Take me

Take me back

Take me
