

Yo this joint crazy

I keep my stroke game so consistent there's no delay
I give it so damn awesome call it instant replay
I go so hard and so damn long it's like a relay
Not 'bout how you start but how you finish, girl, when we play

We switch positions as you speak my body language
I speak in tongues, give me your tongue let me explain it
And when you cum, girl, I'm gon cum we on some same shit
Sixty-nine, yeah, we vibe

Shawty I love it when you ride my wave
Baby lose our manners, I need me a bad girl that's gon misbehave
I love it when you ride, you sho know how to ride
Ooo girl I love it when you ride my wave
Baby lose our manners, I need me a bad girl that's gon misbehave
I love it when you ride, you sho know how to ride
Baby I love it when you ride my wave, tsunami
Baby I love it when you ride my wave, tsunami

I got a talent for making you quiver and shake
You gotta knock when I'm serving, you scream out my name
When I'm kissing you, licking you, scratching, I'm digging you out
And I always hit your spot without directions, put it down

We switch positions as you speak my body language
I speak in tongues, give me your tongue let me explain it
And when you cum, girl, I'm gon cum we on some same shit
Sixty-nine, yeah, we vibe

Shawty I love it when you ride my wave
Baby lose our manners, I need me a bad girl that's gon misbehave
I love it when you ride, you sho know how to ride
Ooo girl I love it when you ride my wave
Baby lose our manners, I need me a bad girl that's gon misbehave
I love it when you ride, you sho know how to ride
Baby I love it when you ride my wave, tsunami
Baby I love it when you ride my wave, tsunami

Roll with the tide now
Girl turn on your side now
You said that a flood gon come, I'm ready for it right now
Ooo I know, I know, I broke the levee
Girl I know I put it on you kinda heavy

Ooo girl I love it when you ride my wave
Baby lose our manners, I need me a bad girl that's gon misbehave
I love it when you ride, you sho know how to ride
Ooo girl I love it when you ride my wave
Baby lose our manners, I need me a bad girl that's gon misbehave
I love it when you ride, you sho know how to ride
Baby I love it when you ride my wave, tsunami
Baby I love it when you ride my wave, tsunami

Baby I love it when you ride my wave, tsunami
