

UNAPPRECIATED

Sammie

Sometimes you kiss me, sometimes you don't
Sometimes you hold me, sometimes you won't
I wanna be through with you

Baby, I hate it
We're always debating
Your heart is gated
Open up
I won't forsake you
No, I won't break you
Damn it, I made you
What the fuck?

I'm unappreciated (Unappreciated)
Girl, I'm unappreciated (Unappreciated)
I'm unappreciated

When it rains, it pours
So this pain I endure
My heart is breaking
My feet off the ground
Was lost, now I'm found
I...

Baby, I hate it
We're always debating
Your heart is gated
Open up
I won't forsake you
No, I won't break you
Damn it, I made you
What the fuck?

I'm unappreciated (Unappreciated)
Girl, I'm unappreciated (Unappreciated)
I'm unappreciated

I'm unappreciated (Unappreciated)
Girl, I'm unappreciated (Unappreciated)
I'm unappreciated

They say time is of the essence
No man could buy that
So to express my love to you, I provided that
Ever so delicate
I thought you were heaven sent
Heart engraved, the memories of what used to be
But as I reflect and recollect
I was blinded by the thought of what you could be, not who you are
So the demise of us everything but that
For we never started, dearly departed
Use me, abuse me, but I love you
Beautiful music
