

# Rock With You

Sammy Adams

First off, I'm a pimp  
And you know that  
Steady serving fools, young Novak  
Minding my biz, oh yeah  
So many pictures I should have a shared Kodak, know that  
Care less about your girl with another guy  
Even more about your dude with another fool  
Tryna throw it all down  
Get laid, get paid, yeah I'd do it all again, see you next time  
Tend to yours, I'll tend to mine  
I don't care about yours or you're sharing mine  
If your girl with a man, and you're with another girl, then I'd say it's your world, it's none of my business

Play it off girl  
I know your name  
Don't need anything to rock with you  
Take it off  
Go and misbehave  
Don't need anything to rock with you  
Don't need anything to rock with you, and you

Straight posting at the bar with a tall boy  
Come and get up in my face, start the wrong boy  
Talking 'bout last night when I wasn't in the city  
I was out in L.A. with two broads sitting pretty, yeah  
Speaking of that, I'm dodging all the nonsense  
Buy your claims, your girl is gonna start shit  
It's on the time to play the mediator  
Can't drop to the max, I'm a gladiator, gladiator  
So before you make assumptions, jump in  
Do your research, I was busy with my consumption  
Girl got her fingers up in my face like what is this?  
I said, "that's just none of my business."

Play it off girl  
I know your name  
Don't need anything to rock with you  
(I wanna rock with you)  
Take it off  
Go and misbehave  
Don't need anything to rock with you  
Don't need anything to rock with you, and you

Yeah, see how this all plays out? (plays out)  
In the city with a love face down (oh yeah)  
I ain't looking for a ring like that  
Just a fling with a pretty little thing like that, ha  
Cut the lies and the gossiping  
You know you ain't gotta be a drama queen  
Just know that when I'm finished, that shit that shit's none of my business

Play it off girl  
I know your name  
Don't need anything to rock with you  
Take it off  
Go and misbehave

Don't need anything to rock with you  
Don't need anything to rock with you, and you  
Don't need anything to rock with you  
Don't need anything to rock with you, and you  
Don't need anything to rock with you
