

# War

Sammy Adams

East-coast, so my girls got a brave heart  
But if I go on the defensive I could pay for it  
Angel on my shoulder, devil on the other  
Suppose to make a decision  
I'm still trying to come up with like...  
Hmm... You call her back  
Na that's not cool  
Cause I'm just trying to kicking off with the main crew  
But I'm a be smart, you know I'm a go in  
A couple assist cause you know she got friends

I'm a  
Skip work  
Go home  
Get faded  
Come back  
Real, hit her round 7 or 8 all right  
Oo yea don't lift just get lifted  
Find smoke rings blowing an Olympus

Ooo crazy, I can dance a bit more  
If making a mistake means war  
War  
War  
Waaar, War  
Ooo crazy, I don't need your shields  
Or help on the battlefield  
War, This War we in  
War, War

I'm on the west-coast, out in Venice just chilling  
Barley 3 O'Clock so definitely ain't drinking  
It's a warming 'erbs, and my girls on my last one  
Even with the curves, there's always another bad one  
I got a motor around my crib with a draw bridge  
So I don't see her when she comes around to start shit  
She probably got surveillance on me right now  
But I move in silence, come to find out

I'm a  
Skip work  
Go home  
Get faded  
Come back  
Real, hit her round 7 or 8 all right  
Oo yea don't lift just get lifted  
Find smoke rings blowing an Olympus

Ooo crazy, I can dance a bit more  
If making a mistake means war  
Round me  
(Oooo) War round me  
War, war  
Ooo crazy, I don't need your shields  
Or help on the battlefield  
(Ooooo)  
War, This War we in

War, War

You can never go in  
Not against me  
I only leave with victories  
I only leave with victories.  
You can never go in  
Not against me  
I only leave with victories

Ooo crazy, I can dance a bit more  
If making a mistake means war  
Round me  
(Oooo) War round me  
War, war  
Ooo crazy, I don't need your shields  
Or help on the battlefield  
Round me (ooooo)  
War, This War we in  
War, War
