

Space Station #5

Sammy Hagar

Start with the sun and move on out
The future's in the skies above
The heavens unfold and a new star is born
Space and time makin' love

Oh, what a time we had
Living on the ground
I've moved to Space Station #5
See you next time around, what'd you say?

As far you want, as close as you need
It's all in your mind, you know
This old Earth hasn't really seen it's day
It's here, time to go

Oh, what a time we had
Living on the ground
I've moved to Space Station #5
See you next time around, what'd you say?

It's a whim

Remember when it was so clear
We were young, but the memory still remains
To pick fruit from a tree
Fish from the sea
Now nothing's left here but the stains

But I can't cry no more, can only be glad
There's other places we can be
If the time suits you right
I'm leaving tonight
Come and fly, fly away with me

Oh yeah, yeah, yeah, yeah, yeah, yeah
Oh, baby

Let's fly away
Come on and fly away
Well, let's go
Well, let's go
Let's go
Yeah

Fly away
