

Oklahoma

Sammy Kershaw

Well it's rainin
and I'm missin
A girl that I love
She left me
One week ago today

She told me
She was leavin
And gone to stay
And I asked myself
Why she went away

If you see her
would you tell her
that I still love her
and take care of her
like I did
in Louisiana
when she said goodbye
and went away
it hurt me I know
that Oklahoma
got the best part of me.

If you see her
would you tell her
that I still love her
and take care of her
like I did
in Louisiana
when she said goodbye
and went away
it hurt me I know
that Oklahoma
got the best part of me

Yes, Oklahoma
You got the best part of me
