

That Train

Sammy Kershaw

See that train over yonder
Headed on down the track
See that train over yonder
Headed on down the track
Well, my baby's on it
And she ain't ever coming back

Well, she packed up this morning
Said she took all she could
Well, she packed up this morning
Said she took all she could
I was kicking and a-screaming
Baby, baby, I'll be good

See that train over yonder
Headed on down the track
See that train over yonder
Headed on down the track
Well, my baby's on it
And she ain't ever coming back

Well, hey there conductor
Slow that old diesel down
I said, hey there conductor
Slow that old diesel down
If you don't stop rolling
I'll be the saddest man in town

See that train over yonder
Headed on down the track
See that train over yonder
Headed on down the track
Well, my baby's on it
And she ain't ever coming back

I said, my baby's on it
And she ain't ever coming back
