

Dream of the Incubus

Sanctuary

I come to you in dreams and drill you slowly
I give the gift of sacred sex to you

I am incubus obsessed by lust
No escape or sanctuary found

Nightmares in the dark can penetrate you
I manifest desire in the night

Copulation burning deep inside you
And his love is dripping down your thighs

I am incubus obsessed by lust
No escape or sanctuary found

Incubus, one fatal thrust
Will make you feel the fire in my grind

Writhing sweating flesh surrounds your body
Screaming pain but nothing you can do

I suck your mind, you blow my head, I'm cumming
Violent thrashing tearing you in two

I am incubus obsessed by lust
No escape or sanctuary found

Incubus, one fatal thrust
Will make you feel the fire in my grind

I want to fuck you to death

I come to you in dreams and drill you slowly
I give the gift of sacred sex to you

I am incubus obsessed by lust
No escape or sanctuary found
