

# Making It Up

Sarah Blasko

I, I've got something to say to you  
It may come as a surprise  
You never know who you're talking to

I lie, you better fear it  
I lie, you better fear it  
When I let the feeling arise

I lie, you better fear it  
I lie, you better fear it  
When I let the feeling arise

Cause I'm making it up, just lies  
Don't fall making it up  
Like you never thought I would

I, I know I never revealed to you  
That I'm not yours alone  
Cause there are women apart from you  
When I'm gone

Oh I lie, you better fear it  
I lie, you better fear it  
When I let the feeling arise

Oh I lie, you better fear it

I lie, you better fear it  
When I let the feeling arise

Cause I'm making it up, just lies  
So don't fall , I'm making it up  
Bet you never thought I would

And I know you wish that I felt some remorse  
But emotions are something I can ignore  
But in all honesty, a man can fake it  
You're a woman, just lie back and take it  
It's nothing personal when I'm on the road  
And I have my needs

Cause I'm making it up, it's just lies  
So don't fall, I'm making it up  
Like you never thought and  
I'm making it up, it's just lies  
So don't fall, I'm making it up  
Like you never thought I would
