

Love Is Color-Blind

Sarah Connor

Yeah
What's up?
It's TQ and Sarah again

It don't matter if you're black
White or yellow, if you're brown or red
Let's get down to that
Love is color-blind

I remember when,
I was a child and couldn't understand
People having fun
Discriminating all the different ones
Mama just used to say
When you grown up you'll maybe find a way
To make these people see
That everything I do
Comes back to me

You gotta live your live
They gotta live their life
We're all the same no one's to blame
They gotta live their lives
Just play the game and let love reign

It don't matter if you're black
White or yellow, if you're brown or red
Let's get down to that
Love is color-blind
You're my brother
You're my friend
All that matters in the very end
Is to understand
Love is color-blind

I remember as a young boy
I watched my neighborhood go up in flames
I saw the whole thing through tears of pain
And a situation's rackin' my brain
I wish I could fly away and never come back again
We need some love y'all
We need some real deal help from above y'all
I mean the kids watchin'
And i just can't see it stoppin' I don't understand
I mean we all bleed the same blood, man!

You gotta live your live
Better then our fathers did
Let's make some love baby have some kids
They gotta live their lives
And I don't care what color they are
Or you are or we are
It's all over baby!

It don't matter if you're black
White or yellow, if you're brown or red
Let's get down to that

Love is color-blind
You're my brother
You're my friend
All that matters in the very end
Is to understand
Love is color-blind

You could have been my mother
You could have been my brother
What if you were my sister
If you were my father?
You could have been my fella
You could have been my teacher
What if you were my friend?
Would be so nice to meet ya

Take it out to the world
Tell every boy
And every little girl
Be proud of yourself
'Cause you're as good as anybody else
Put away your prejudice
Open your mind don't needs to sick to this
Try to make this earth
A better place without a racial curse

Yeah it's time for some changes

(C'mon, put your hands up)

It don't matter if you're black
White or yellow, if you're brown or red
Let's get down to that
Love is color-blind
You're my Brother you're my friend
All that matters in the very end
Is to understand
Love is color-blind
