

# Under My Skin

Sarah Connor

You're not the type of man  
To shake my hand like  
"Nice to meet ya"  
You pull me in  
And then begin to let your body say  
All is possible  
Now I know  
Oh uh oh uh oh

The light I dim  
It take my limit up a million metres  
You're breakin' my chains again  
And nothing remains the same  
Now I'm hypnotized  
I realize  
Oh uh oh uh oh

When we touch,  
I can feel we've got a chemistry  
Can't get enough,  
Watch ya when you stand so close to me  
I've got you  
Under my skin

When we touch,  
I can feel we've got a chemistry  
Can't get enough,  
Watch ya when you stand so close to me  
I've got you  
Under my skin

It turns me on  
When I'm your pupil - you're my teacher teacher  
Get in position  
That's my mission on the floor tonight  
I've been exorcised, sensitized  
Oh uh oh uh oh

The way that you perform the clothes  
Are torn right off the richter  
Shakin' the room again  
Untaming the beast within  
And if they ask me why  
Can't deny  
Oh uh oh uh oh

When we touch,  
I can feel we've got a chemistry  
Can't get enough,  
Watch ya when you stand so close to me  
I've got you  
Under my skin

You set me off,  
I can't wait to feel your hands on me  
And when we rock  
Feels just like the devil's ridin' me

I've got you  
Under my skin

Come over here boy  
I want you one on one  
I made it clear boy  
I want to have some fun  
I want you  
I want you  
I've got this feelin'  
And it just won't stop  
It's gettin' so hot  
Come help me take this off  
I've got you  
I want you  
Under my skin

When we touch,  
I can feel we've got a chemistry  
Can't get enough,  
Watch ya when you stand so close to me  
I've got you  
Under my skin

You set me off,  
I can't wait to feel your hands on me  
And when we rock  
Feels just like the devil's ridin' me  
I've got you  
Under my skin
