Before I Fall in Love

Sarah Geronimo

My heart says we've got something real Can I trust the way I feel 'cause my heart's been fooled before Am I just seeing what I want to see Or is it true could you really be

Someone to have and hold With all my heart and soul I need to know before I fall in love Someone who'll stay around Through all my ups and downs Please tell me now before I fall in love

I'm at the point of no return So afraid of getting bumed But I want to take a chance Please give me a reason to believe Say that you're the one that you'll always be

It's been so hard for me to give my heart away But I would give my everything Just to hear you say (you're)
