It's My Own Fault

Savoy Brown

It's my own fault darlin', that you treat me the way you do
It's my own fault darlin', caused you treat me the way you do
When you left me darlin', I was callin' from town to town

Ooh, won't you give me one more chance
Ooh baby, won't you give me one more chance
Baby, I'll prove that I'm in love with you, you know I'll be tr
avelin' no more

It's my own fault darlin', I made you treat me the way you do
It's my own fault darlin', I made you treat me the way you do
Baby I go alone, I just realized, all I did

Oh goodbye baby, I know we may never meet again
Oh goodbye baby, I know we may never meet again
But it's my own fault darlin', I made you treat me the way you
did
