

# Not Ready To Let You Go

Sawyer Brown

Look at us now  
Livin' on the edge of it's all over  
I'm wondering how we got to be this way at all  
Hearts on the line  
Got us lookin' in both directions  
There's so much at stake  
We've come to far  
Oh to stand back and watch it fall

chorus

I'm not ready to let you go  
Every time i look in to your eyes  
My heart let's me know  
The love we leave behind we can't afford to lose and so  
Not on a bet  
I'm not ready yet  
Not ready to let you go

It's so hard to see  
Down the road when we're lookin' behind us  
Where will we be if we don't give it one more try  
Let's turn around  
'Cause the only thing that really matters  
Is sayin' we'll stay, just through the night  
It's much better than sayin' goodbye

chorus

I'm not ready to let you go  
Every time i look in to your eyes  
My heart let's me know  
The love we leave behind we can't afford to lose and so  
Not on a bet  
I'm not ready yet  
Not ready to let you go

The love we leave behind we can't afford to lose and so  
Not on a bet  
I'm not ready yet  
Not ready to let you go
