

Playin' A Love Song

Sawyer Brown

I never kissed a girl in public
Or even held her hand
You got me walkin' arm and arm
And feelin' like I'm the man
I don't care who is watchin'
I can hear somthin' deep down in

Playin' a love song, playin' a love song
Like a thousand voices singin' in an angel band
Playin' a love song, playin' a love song
In my heart

I never knew what was waitin'
There behind the walls
I built around my heart, oh, until I let 'em fall
All I know, since I met you
I can hear something deep down in

Playin' a love song, playin' a love song
Like a thousand voices singin' in an angel band
Playin' a love song, playin' a love song
In my heart

Playin' a love song, playin' a love song
Like a thousand voices singin' in an angel band
Playin' a love song, playin' a love song
In my heart
