

World Long Gone

Scars on Broadway

Sometimes! I said sometimes!
I go crazy! Like I'm crazy!
It takes patience! Lots of patience!
Then it's over, fucking over!

I look at the sky, faded,
I reach, the stars

Maybe I don't know
How many people are starving
In this world long gone

Sometimes! I said sometimes!
I go crazy! Like I'm crazy!
It takes patience! Lots of patience!
Then it's over, fucking over!

I look at the sky, faded,
I reach, the stars

Maybe I don't know
How many people are starving
Maybe I don't know
How many people are starving
In this world long gone

I look at the sky, faded,
I reach, the stars

Maybe I don't know
How many people are starving
Maybe I don't know
How many people are starving
In this world long gone
