

## Julie Paradise

## Screaming Trees

A dog hides in the night  
No wrong or right  
A dog hides from the heat  
I need sugar sweet  
I need some, but she  
Says it's gonna ruin my mind  
Something's gone wrong inside  
I'm thinking

Paradise... all that I want  
And a little water  
And a little water  
Something's going wrong in my mind  
Something's going wrong inside  
I'm thinking...  
Paradise

Julie your mother cried  
Sent home a bullet for the family  
That's how your father died  
Died a broken and lonely man  
Something's going wrong in my mind  
Something's going wrong inside  
I'm thinking

Hey Lord keep ahold  
You don't ever know where to fall  
Hey Lord keep ahold  
You don't ever know where to fall

A dog hides in the night  
No wrong from right  
A dog hides in the heat  
I need sugar sweet  
I need some, but she  
Says it's gonna ruin my mind  
Something's gone wrong inside  
I'm thinking...  
Paradise

Julie your mother cried  
Sent home a bullet for the family  
That's how your father died  
Died a broken and lonely man  
Something's going wrong in my mind  
Something's going wrong inside  
I'm thinking...

Paradise...  
Paradise...  
Paradise...
