Tomorrow's Dream

Screaming Trees

Well I'm leaving tomorrow at daybreak
Take the fastest train around nine
Yes I'm leaving the sorrow and heartache
Before it takes me away from my mind

Give me love and I may let you see me Give me hopes that can spin in my head But if you really want me to answer I can only let you know when I'm dead

When sadness fills my days It's time to turn away And let tomorrow's dream Become reality to me

So realize I'm much better without you You're not the one and only thing in my heart I'll just go back to pretending I'm living But this time I'm gonna have to depart
