

Suspect Device

Screeching Weasel

Inflammable material is planted in my head It's a suspect device that's left 2000 dead Their solutions are our problems They put up the wall On each side time and prime us And make sure we get fuck all They play their games of power They mark and cut the pack They deal us to the bottom But what do they put back?

[R:] Don't believe them Don't believe them Don't be bitten twice You gotta suss, suss, suss, suss, suss out Suss suspect device

They take away our freedom In the name of liberty Why don't they all just clear off Why won't they let us be They make us feel indebted For saving us from hell And then they put us through it It's time the bastards fell

[R]

Don't believe them Don't believe them Question everything you're told Just take a look around you At the bitterness and spite Why can't we take over and try to put it right

[R]

We're a suspect device if we do what we're told But a suspect device can score an own goal I'm a suspect device the Army can't defuse You're a suspect device they know they can't refuse We're gonna blow up in their face
