

## The Basics

Seaway

I know that we're ready to see what's out there. Get out of the car man and walk through the dark and if there is something that I've learned, it's don't keep on waiting cause nothing will wait for you.

From basement to basement, the noise keeps on changing. This top 40 bullshit is making me sick, it's like my radio's stuck on replay.

Forget everything you know, pick up on the basics, you've already made it.

Don't let anyone tell you that you've got all the time in the world. It's just a lie to make their lives, seem a little less wasted. Don't let anyone tell you that you've got all the time in the world. Tomorrow never exists until tomorrow's today, and you will never be missed till you've got something to say.

Pick up on the basics, you've already made it.
