

Closer Every Day

Secret Service

Will I see you tonight?
'Cause the last time we met
We couldn't talk alone

There's no reason for lies
We don't have to regret
We did nothing wrong

What happened between us was right
Tell me where will you be tonight?
Oh-oh

Come a little closer every day, yeah-yeah-yeah
Come a little closer every day

Come a little closer every day, yeah-yeah-yeah
Come a little closer every day

Maybe your friends gonna talk
When they see us again
What they talked before

It's so easy to walk
We don't have to explain
To them anymore

What happened between us was right
Tell me where will you be tonight?
Oh-oh

Come a little closer every day, yeah-yeah-yeah
Come a little closer every day

Come a little closer every day, yeah-yeah-yeah
Come a little closer every day.
