

Feel You Near Me

Secret Service

Just been walk round in circles
Nothing's happened for too long
Haven't been around at all
Don't know what's going on

A day will soon be over
A day just like the day before
Why go on just waisting time
When we're longing for more
Do you care

I can feel you near me
I can feel you

There've been times I tried to call you
And times I've tried to write
But I just looked into the dark
All through the night

Why should I go on pretending
Go on and play this game
I've tried I can't forget you
Do you feel the same
Do you care

I can feel you near me
I can feel you
