

# Night City

Secret Service

After midnight  
Don't want to sleep  
Go out and feel  
The city beat  
A new romance  
Another chance  
Can you feel the heat?  
It's in the air  
The city beat  
Is everywhere

Night City  
Night City

You never know  
What's on tonight  
Lot of faces  
Lot of light  
Lot of looks  
And secret dreams  
Can you feel the heat?  
It's in the air  
The city beat  
Is everywhere

Night City  
Night City

Behind one door  
A different world  
You cross the floor  
'Cause you've seen her  
Tomorrow is  
Still far away

Night City  
Night City ...
