

Turn to Me

Secret Service

I have watched every motion
That you've made tonight
By the look in your eyes
By the look I can tell
You don't feel alright
Tell me why you've been crying
Let me help you dry your tears
There are reasons for trying
If you turn my way
You will hear me say

Ooh ooh
You can turn to me
Ooh ooh
You can turn to me

I'll be here if you need me
I won't go away
If you want me to listen
If you want me to hold you
Just turn my way
In the mirror I see you
You've been crying for a while
But you've got someone to talk to
If you turn my way
You will hear me say

Ooh ooh
You can turn to me
Ooh ooh
You can turn to me
