Fine Again

It seems like every day's the same And I'm left to discover on my own It seems like everything is gray And there's no color to behold They say it's over and I'm fine again, yeah Try to stay sober feels like I'm dying here

And I am aware now of How everything's gonna be fine One day too late, I'm in hell I am prepared now Seems everyone's gonna be fine One day too late, just as well

I feel the dream in me expire And there's no one left to blame it on I hear you label me a liar 'cause I can't seem to get this through You say it's over, I can sigh again, yeah Why try to stay sober when I'm dying here

And I am aware now of How everything's gonna be fine One day too late, I'm in hell I am prepared now Seems everyone's gonna be fine One day too late, just as well

And I'm not scared now I must assure you You're never gonna get away And I'm not scared now, no… And I'm not scared now, no…

I am aware now of How everything's gonna be fine One day too late, I'm in hell I am prepared now Seems everyone's gonna be fine One day too late, just as well I am prepared now Seems everything's gonna be fine For me, for me, for myself For me, for me, for myself For me, for me, for myself I am prepared now for myself I am prepared now and I am fine again Seether
