

# Hands Up

September

Oh, oh, oh

Been working all the week  
I ain't got no time to sleep  
I got plenty when I die  
Alright

The night has just begun  
Are you ready, here I come  
I'll be dancing till the morning light

I come alive when the sun goes down, sun goes down  
The city noise makes a beautiful sound, beautiful sound  
Lose all control going all in tonight, lose all control going all in tonight

So put your hands up, hands up  
You know you can't stop, can't stop  
So put your hands up, hands up  
Oh, oh, oh

Just put your hands up, hands up  
'Cause we can't get enough, get enough  
So put your hands up, hands up  
Oh, oh, oh  
Now will you dance with me?

Oh, oh  
Yeah, yeah, yeah, yeah, yeah

We're gonna live it up  
Bring it on no matter what  
You know there's no way but up  
Right now

So put the needle on the record  
The world is looking better  
When we're spinning round  
And around, yeah

We come alive to the neon lights  
Turn the music up 'cause the feeling's alright  
Hold back the dawn, no we can't stop now  
Can't stop now, now, now, now, now, now

So put your hands up, hands up  
You know you can't stop, can't stop  
So put your hands up, hands up  
We can't stop  
Oh, oh, oh  
Oh, oh, oh  
Oh, oh, oh

We come alive when the sun goes down  
The city noise makes a beautiful sound  
Oh, oh, oh  
Come on and dance with me!

Hands up, hands up

So put your hands up, hands up  
You know you can't stop, can't stop  
So put your hands up, hands up  
Oh, oh, oh

Just put your hands up, hands up  
'Cause we can't get enough, get enough  
So put your hands up, hands up  
Oh, oh, oh  
Come on and dance with me!

Hands up  
Oh, oh, yeah  
Hands up  
Yeah, yeah, yeah, yeah
