

Storm

Serebro

Oh
Bring back the storm
While I perform - love me better
I wanna get in the swarm
Bring back the storm
My blood's so warm - for the better
I wanna get in the storm

Oh
All along
The way back home
Here my song
And keep me on
Oh
We both know
The miles we go
Who comes first
I need your thirst

No matter where you from
And I don't wanna know
Take on so
I love this dorm
And every night we want
A little bit or more
Take on so
I love this dorm

Oh
Bring back the storm
While I perform - love me better
I wanna get in the swarm
Bring back the storm
My blood's so warm - for the better
I wanna get in the storm

Bring back the storm
While I perform - love me better
I wanna get in the swarm
Bring back the storm
My blood's so warm - for the better
I wanna get in

Dare to be mine
And cross the line
Cause you'll be fine
For a while
Don't get on time
I take high
Get piece of mind
And turn my sid?

No matter where you from
And I don't wanna know
Take on so
I love this dorm
And every night we want

A little bit or more
Take on so
I love this dorm

Oh
Bring back the storm
While I perform - love me better
I wanna get in the swarm
Bring back the storm
My blood's so warm - for the better
I wanna get in the storm

Bring back the storm
While I perform - love me better
I wanna get in the swarm
Bring back the storm
My blood's so warm - for the better
I wanna get in the storm

I wanna get in the storm
I wanna get in the storm
I wanna get in the storm

I wanna get in the storm
Bring back the storm
While I perform - love me better
I wanna get in the swarm
Bring back the storm
My blood's so warm - for the better
I wanna get in the storm
Bring back the storm

Oh
Bring back the storm
While I perform - love me better
I wanna get in the swarm
Bring back the storm
My blood's so warm - for the better
I wanna get in the storm
