

I get round
I feel love and you can't keep me down
Keepin making my way to be free
I am not gonna be after your ground
Uuuu
Why
Should I let someone to keep me down
Keepin running away to be free
I am not gonna be after your ground
Uuuu
Why

I don't feel the same as you
I am about to turn the page now
Neither get away from you
Neither keep fightin of you

I am not gonna play your rules
Can I even save my divine?
All i wanna say you
Goodbye

I get round
I feel love and you can't keep me down
Keepin making my way to be free
I am not gonna be after your ground
Uuuu why
Should I let someone to keep me down
Keepin running away to be free
I am not gonna be after your ground
Uuuuu
Why

If you're talking about my life.
You know i excite desire
You can love another right
Cause you never got a chance now

I don't wanna stand your rush
I am about to break your divine
All I wanna say to you
Goodbye

I get round
I feel love and you can't keep me down
Keeping making my way to be free
I am not gonna be after your ground
Should I let someone to keep me down
Keeping running away to be free
