

# Let's Give a Little More This Time

Sérgio Mendes

You're back in my arms  
Now you're back where you belong  
But baby I still recall those crazy days  
We found new ways of hurting each other

The magic was gone  
Now it's come back just as strong  
But now that we found ourselves a second chance  
It doesn't mean that we'll have another

Please let's give a little more this time  
Let's try to keep in mind our love is on the line  
Darling please, let's give it all we got  
This could be our last shot  
It's so no matter what  
Let's remember to be kind  
Give a little more (give a little more)

We had is a dream  
And we let it get away  
Somebody up there look at us and knew  
That me and you should still be together

Know what love means  
And I'm learning day by day  
No matter how good the feelings feels improves  
We gotta work and make it better

Please let's give a little more this time  
Let's try to keep in mind our love is on the line  
Darling please, let's give it all we got  
This could be our last shot  
It's so no matter what  
Let's remember to be kind

Give a little more, give a little more this time  
Let's try this time to be the best that we could be  
Let's try to make same old moments stays that we make and make  
it work  
Baby let's give a little more, give a little more this time
