Fall In Line

Seven Places

If youre sitting down get on your feet Lets wake up those who are asleep March on, left to right to left again Our feet in sync to this rhythm Conducted by the hand of the saving One

Report fall in line, big mission with little time Salute, stand tall with one voice answer the call Hear us say Jesus

Where are we while the world caves in

Are we showing love or hate, are we enemy or friend
What was black and white has now turned grey

Lets right this wrong with love today

Stand our ground with a helping hand

Report fall in line, big mission with little time Salute, stand tall with one voice answer the call

Hear us say Jesus We got something to say, got something to say Hear us say Jesus Is alive and well, alive and well today

Halle Hallelujah Halle Hallelujah

So sing it out now, with one voice loud and clear Sing Hallelujah, for our Redemptions near

So sing it out now, with one voice loud and clear Sing Hallelujah, for our Redemptions near

Hear us say Jesus Hear us say Jesus Were not messing around

Its time for us to stand up and speak the truth of His love Its time to let the world know weve got something to say We got something to say

Its time for us to lift our hands 'til the world understands Jesus the reigning King is alive and well alive and well today Jesus the reigning King is alive and well alive and well today

So sing it out now, with one voice loud and clear Sing Hallelujah, for our Redemptions near

So sing it out now, with one voice loud and clear Sing Hallelujah, for our Redemptions near
