

Deadly Sins

Seven Witches

Your god sees all that lies within
And knows your deadly sins
Life's short-so you gotta make it worth the ride
Before you're sucking on dirt on the other side
One saintly man-had it all figured out
Walking the talk, yeah he knew what that's all about
Your god sees all that lies within
And knows your deadly sins
Seven sins-perilous to humanity
Sit your ass down and dig some clarity
Avoid traps of the spirit-you'll be free
Strive to live life like Mohandas Gandhi
Your god sees all that lies within
And knows your deadly sins

Deadly sins, sins
Deadly sins, sins, sins

Your god sees all that lies within
And knows your deadly sins
Power to the peaceful
Deadly sins
