

Wealth

Seven Witches

I'll never have enough
No matter how much I get
Give it to me, Give it to me
Give me mad loot for nothing
Give it to me, Give it to me
Filthy rich and sullied till the end
I deserve it all
Greed is my only motive
Insatiable forever
I want it all, I want it all
Without lifting a finger
I want it all, I want it all
Cause that's how things work

Been spoiled since I was born
Still I seek more and more
Entitled, I deserve

Wealth without work

Been spoiled since I was born
Still I seek more and more
Entitled, I deserve

Wealth without work
