### Seven Witches

I'm secular, it solves all my problems  
Have it my way everyday  
Anglo-angular, see all of God's faces  
But think I've nothing to pay  
A modern man, I pray when I need things  
And in my head, hear God say:

Worship without sacrifice

No dice!  
Just a few good deeds, make positive karma  
Most need all that they can get  
Effort and follow-through  
Takes less than you might think  
Like to forgive and forget  
It's through our lives  
That God becomes earthbound  
Live with the least regrets

No worships without sacrifice  
No dice  
There is no worships without sacrifice  
Worship  
No dice

No worships without sacrifice  
No dice  
There is no worships without sacrifice
