

Death Mask Mussolini

Sex Gang Children

Suicide and weeping wounds
Clever dick after money
Net jet connected set
It's a Saudi affair
Don't say you love me
Don't tell me that, no
Super why super high
Into the mouth of hell
Clini come baby clone
Breakdown Britain all alone
Don't say you love me
Don't tell me that, no
Cutter and bone in the beauty of the world
Shock therapy is your pain so wonderful?
Oh sweet madness here I am
Here I am
Death mask Mussolini, death mask Mussolini
I'll wear my best face
Death mask Mussolini, death mask Mussolini
I'll wear my best face
Don't say you love me, don't tell me that, no
November 17 in the sick bed of the world
Militia babes in the cornfields of ballet
The religion of life doesn't come with a knife
With a handful of stars we create who we are
Death mask Mussolini, death mask Mussolini
I'll wear my best face
Death mask Mussolini, death mask Mussolini
I'll wear my best face
Dream eater mouth open wide
Oh darling curb yourself
Death mask Mussolini
