

Puritan Now

Sex Gang Children

Far cry Barbie
Lost her head
Ethnic snack attack
Lying in my bed
Sticky situation
Just suck it and see
Sticky little fingers all over me

You PC fascist
You moronic masochist
Catholic grease
Well enough of that
Sorry Botticelli
In the city of God
With Beethoven Beefcake
And the cat kill mob
They're smoking karaoke
On the head of a cow
It's rival moon baby
And you're puritan now

You PC fascist
You moronic masochist
Catholic grease
Well enough of that

Jihadi needs a baby
Jihadi needs a bride
Murder in the bedroom
On that predatory slide
Downtown Portland
More reality TV
Less than lethal force
Looks pretty lethal to me

PC fascist
You home grown masochist

On a killing spree
Well enough of that
King live fish
Toronto tank
Betting on the euro
Und die Bundesbank
Trickle down economy:
Just the rich performing sodomy
On all the poor bastards
Left out in the cold

You PC fascist
You moronic masochist
Catholic grease
Well enough of that

Dead done Genova
It's a good for nothing show
But the devil's in the detail

And that's the way it goes
Dior democrat
You shout about this and that
God was woman
Then God changed sex
In the circle of freedom
Comes the final death

I've been a good boy
And I've been bad
But it's all just bloody nonsense
You silly little sod
