

Sonic

Shaka Ponk

Zebu God's got the burning bad blood running through his veins
Sugar zen, bang! sugar zen
Did you ever see him on top?
He's the 'bot con da cuero mega benifo
Now I try to fall asleep, cause I'm in pretty deep
'Cannot get my feet on da ground
Zebu got his own land and he's ruling it

Sometime I lose my mind, because you leave me Sonic
I wanna reach my tribe, I want to know el camino
Something is dark inside the coma mio you know
Duyu feel da panic, cause of da Sonic

Loca cosa I say:
I gave you Coca, now you pay!
A mosquito? ' know he's gay
Duyu wanna go my way
Zo I AM a chica mala!
If she's bad, you got to zap'ha
No maquina, I'm a man, dying fasta... watch'out!

I'm falling in peace and I burn in da bliss
It's like a kinda kiss, can I have cannabis
All the money in my bloody hand makes my bluesy band stand
Bluesy band stand, what is it?
Soon I'll be the boss and you'll be knocking on ma door
Asking for Shaka more 'til you can nada more, for sure
What kinda myst' lengua Gaia speak
'Is just a funky shit for the funky radio bitch
