

## I Can Drive

Shakespears Sister

Hey boys, it's a steal  
You're hanging on, by your finger nails  
As usual, the king is dead  
Long live the queens  
Hey girls, no big deal  
You're fifteen minutes  
Start right here, so baby lets go  
Lets go..  
I'm watching the world,  
I'm taking my time  
I've waited my turn  
Now I'm gonna shine  
Heroes take their toll  
Hog your dreams, then crush your soul  
And take you out, out to dinner  
Roll on the original  
Highly strung out, spaced out individual  
I'm a terminal sinner  
I'm watching the world,  
I'm taking my time  
I've waited my turn  
Now I'm gonna shine  
And all the pretty people that I used to see  
Have died or moved away  
Or they're in recovery  
And all the buildings where the faithless used to play  
Have crumbled into clay  
And I don't know what to say,  
I just don't know what to say  
I'm watching the world,  
I'm taking my time  
I've waited my turn  
Now I'm gonna shine  
I declare my innocence,  
I'm worth more than 60 pence  
Look, i've got a shiny car,  
I Can Drive, I can drive, Yes, baby, i'm for real  
That's just the way I feel  
I can take a ride anytime  
Everything I pass is old,  
Everything I touch is gold,  
Now I see the world unfold,  
I Can drive, I can drive  
Yes baby, it's a steal,  
Nothing that you see is real,  
Get yourself a pair of wheels,  
Learn to drive, come on
