

# Broken Record

Shakira

I'm older but you're wiser  
That anyone can see  
You're patient like no other  
Has ever been with me  
Your eyes take me to places I've never dreamt about  
Your voice is the only music I can't do without

There can't be any doubts now  
We are just too far ahead to look behind  
And above the good and bad

I need you to believe in my word  
I feel like a broken record  
And I told you 700 times  
I don't need to keep looking... my search is done

Can you put your trust in my word  
I sound like a broken record  
And I've said it 700 times  
I don't need to keep looking... you are the one

Your hands that have no mercy  
Are also my best friends  
And I can get lost climbing on your legs that never end  
I found the perfect distance between my body on you  
And that is, no distance dear if that's all right with you

They said we wouldn't make it  
But look at how we've beaten all the odds  
I just need you  
To be aware of that...

I need you to believe in my word  
I feel like a broken record  
And I told you 700 times  
I don't need to keep looking... my search is done

Can you put your trust in my word  
I sound like a broken record  
And I told you 700 times  
I don't need to keep looking... you are the one

I just want you to take a leap of faith  
I know it's easy to make all the same mistakes  
But I won't this time, no not this time

I need you to believe in my word  
I sound like a broken record  
And I've said it 700 times  
I don't need to keep looking... you are the one

A dozen icy summers were leading me to you  
I had to hear the liars to recognize the truth  
Remember the first Christmas  
It almost seemed untrue  
You promised that  
You'd always be with me and I promised too
