

Lover On The Run

Shanadoo

Your're like a lover on the run

You just hide your heart like a thief
And tell me that you really can't believe
That love will set you free one day
Wharever I say
You get your feelings packed and run away

You're like a lover on the run
Ooh la dee da dee da...
You're like alover on the run
Ooh la dee da dee da...
You're like a lover on the run
Ooh la dee da dee da...
You're like a lover on the run

Learning all about you I find
Many broken hearts you left behind
I'm just a girl-you're just a man
I want you but then
You move away as quickly as you can

You're like a lover on the run
Ooh la dee da dee da...
You're like alover on the run
Ooh la dee da dee da...
You're like a lover on the run
Ooh la dee da dee da...
You're like a lover on the run

Samashlikala chikayottekite
Suki datoitte demo tsukaisuteshittate
Nanimo nokolanai
Koiwa shoumouhin dewanai
Naze kokolo yurusenai
Shinjitsuno al nante sagasenai
Nokorunowa kizudalakeno heart
Kimiga ai kala nigerukala

You're like a lover on the run
Ooh la dee da dee da...
You're like alover on the run
Ooh la dee da dee da...
You're like a lover on the run
Ooh la dee da dee da...
You're like a lover on the run
