

# Don't Fight It

Shannon Noll

Sitting here in the darkness  
And the seconds tick away  
Searchin' in the silence  
For something else to say  
Its ok  
Even though your holding back on me  
What is meant to be  
Is what will be  
Its ok

Yeah i know its a matter of time  
Before im gonna make you mine  
So let it go  
Baby dont fight it  
We know  
There aint nothin' like it  
Cant stop  
When it gets started  
All along  
Ain't it what we both wanted?  
Just let it go  
We cant deny it  
Your mine so baby  
Dont fight it

You know you can close your eyes  
But you still see that im right  
You know  
If you close your mind  
You still hear your heart inside  
Its ok  
I know if you try to walk away  
Something will be tellin' you to stay  
Its ok

Something bigger girl  
Has brought us here tonight  
And we don't have to understand it  
To know that it's right, oh  
You know it's right, oh
