Shannon Noll

Hey, hey  
Do you think I can make it?  
Do you think I can take it?  
Because you know I can't fake this  
Do you wanna?

But who would ever believe  
That this could happen to me  
That this could be true  
That this could be me  
That this could be you

Do you wanna get loud?  
Everybody get loud  
Do you wanna get, get, get, get

Hey, hey, hey  
Don't you think it's amazing?  
Such a beautiful day  
Lets all sing it together

And who would ever believe  
That this could be true  
That this could be me  
That this could be you

Everybody get loud  
Do you wanna get loud?  
Everybody get

Up, turn it up, turn it up  
We can take it higher  
Up, turn it up, turn it up  
We can make it higher

Cause I still believe in the power of song  
Something so right could never be wrong  
So stand here beside me and give me your hand  
To go home and love cause you know that we can

Loud  
Do you wanna get loud?  
Everybody get loud (turn it up) Do you wanna get loud (turn it up)  
Everybody get loud (turn it up) Do you wanna get loud (turn it up)  
Everybody get loud (turn it up) Do you wanna get loud (turn it up)  
Everybody get, body get
