

Piece Of You

Shawn Mendes

Yeah, it makes me wanna cry
Don't know what to do
It's so hard, but it's true
Everybody wants a piece

I get reckless, I'm obsessive
I'm pathetic and possessive
You're so sure it makes me insecure
You're majestic, mesmerizing
Light the room up without tryin'
Baby, I'm so into you, it hurts

Ah-ah-ah-ah-ah, it just isn't fair
What you put in the air
I don't wanna share

Everybody wants a piece of you
I get jealous, but who wouldn't when you look like you do
From the second you walk in the room
My night is ruined
Everybody wants a piece

One, two, three
So do I, maybe I'm selfish
Just one touch is so electric
Every little thing you do feels right, yeah
I'm sorry if I get protective
Need these boys to get the message
You know I'm yours, I know you're mine

Everybody wants a piece of you
I get jealous, but who wouldn't when you look like you do
From the second you walk in the room
My night is ruined
Everybody wants a piece

It's so hard, but it's true
It's so hard, but it's true
Everybody wants a piece

Ah-ah-ah-ah-ah, it just isn't fair
What you put in the air
I don't wanna share

Everybody wants a piece of you, they all want a piece
I get jealous, but who wouldn't when you look like you do
From the second you walk in the room
My night is ruined
Everybody wants a piece
