

# Keep Me Crazy

Sheppard

I can hear a voice from the other side of the room  
It says yeah I live a lie because I like it more than the truth  
I made my piece, I'm one with the war  
But here you are without any warning  
I'm out of breath but I got to say say say say

Darling lately, I've been walking blind in the dark never see the sun  
You could save me, give a little heat to the heart that was born to run  
It was love in a minute, god I admit it, let's make a break for the door  
Be my baby, keep me crazy  
Woah, oh oh, uhh!

Cheap wine, head spins, start to fall  
Lights down, heart wins shake it all  
I wave my flag, I'm done with the war  
You grab my hand, without any warning  
I'm on the edge, you pull me away, way way way way

Darling lately, I've been walking blind in the dark never see the sun  
You could save me, give a little heat to the heart that was born to run  
It was love in a minute, god I admit it, let's make a break for the door  
Be my baby, keep me crazy  
Woah, oh oh, uhh!  
(Keep me cra-a-azy)

Cheap wine, head spins, start to fall  
Lights down, heart wins shake it all  
Darling lately, I've been walking blind in the dark never see the sun  
You could save me  
Give a little heat to the heart that was born to run
