Diamond Ring

Sheryl Crow

We made love all day In our little hide away

But I blew up our love nest By making one little request

Diamond ring Diamond ring Don't mean anything Diamond ring Diamond ring Should not mean a thing

You could say I do Hide your negative reviews You love me you say But you can't even face the day

Diamond ring Diamond ring Don't mean anything Diamond ring Diamond ring Should not change

Some say love is blind But I say love is only in the mind

Diamonds may be sweet But to me they just bring on cold feet

Someday you'll be like me With someone who just wants to be free

Diamond ring Diamond ring Don't mean anything Diamond ring Diamond ring Should not mean a thing
