

# Sad Sad World

Sheryl Crow

**G Emi C**

I know you hate me I see that now  
If I was unhappy I'd be someone you could still care about  
I think it's stupid and sad  
That everything turn out of bad  
And enemies make the most interesting friends

**D G C Emi Ami**  
I'm gonna write you a long letter  
**D G C Emi Ami**  
I'm gonna get you on the telephone  
**D G C Emi Ami**  
Three little words to make it all better  
**D G C Emi Ami**  
Maybe I'll leave this whole thing alone

**G Emi C**  
R: It's a sad sad world without you in it  
**G Emi C**  
And I'm a bad bad girl for letting you down  
**G Emi C**  
And I remember every crazy minute  
**G Emi C**  
It's a sad sad world without you around

We're too much alike for our own good  
We both hate fighting no matter how misunderstood  
I want to tell you that you're stubborn  
I want to tell you I never lied  
I want to tell you that your friends talk way too much  
I want to know what happened to that friend of mine
