

# Summer Day

Sheryl Crow

Every little thing that I felt that day  
Never will forget, there was love in the air  
I wasn't looking for love to come my way  
Ooh baby baby but then I saw you there

That Summer day that I recall  
You came into my life  
And you gave me hope and love  
I just want to be where you want me to  
That Summer day that changed it all  
You came into my life  
And you let me fall in love  
My baby I just want to be with you

I just want to let it shine  
I just want to let it shine  
I just want to let it shine

Did you ever think you knew everything?  
Did you ever think you had it all figured out?  
Ooh baby baby  
You know things can change  
But someone loves you with no doubt

That Summer day that I recall  
You came into my life  
And you gave me hope and love  
I just want to be where you want me to  
That Summer day that changed it all  
You came into my life  
And you let me fall in love  
My baby I just want to be with you

Can you hear me, baby?  
When I say I'm for you  
I knew we could make it  
The moment you came into my life  
Don't you know that you keep me shining

That Summer day that I recall  
You came into my life  
And you gave me hope and love  
I just want to be where you want me to  
That Summer day that changed it all  
You came into my life  
And you let me fall in love  
My baby I just want to be with you

And I'm gonna let it shine  
Yeah, I'm gonna let it shine  
Yes, I'm gonna let it shine

I just want to let it shine  
I just want to let it shine
